

## **District 202 Vision**

We prepare learners for the future.

The following Vision statement was designed by the technology stakeholders:

### **District 202 Technology Vision Statement**

Our vision for technology infusion within District 202 is to build the capacity of both students and adults in such a way that we prepare learners for the future, helping them become purposeful, adaptable, and self-directed members of society.

## **Mission Statement**

The mission of Plainfield Community Consolidated School District 202 the primary source of comprehensive, high quality education in a trusting, supportive environment, is to develop, at all levels, responsible, successful citizens by providing an education, in cooperation with home and the community, which: fosters each individual's uniqueness, and importance and promotes lifelong learning in an ever-changing society.

## **Goals**

Building on the collaborative educational culture based on providing outstanding learning opportunities for all students, the Board of Education, administration, faculty and staff shall work together towards these goals:

- Develop a plan to measure and increase student learning
- Manage growth: number of students, staff
- spContinuous staff development and student learning
- Expand and enhance student learning opportunities
- Evaluate technology utilization and how it affects student learning

### **The District 202 learning community is dedicated to fostering:**

- personal growth and identity
- creative and critical imagination
- personal and cultural relationships
- functional and productive competence
- contribution to human well being.

We will know we are successful when all of our members are:

- self-directed, purposeful and adaptable LEARNERS and MENTORS guided by principles of self-evaluation and empathy
- responsible, high quality CREATORS and CONTRIBUTORS, guided by principles of responsiveness and dedication
- energetic, courageous LEADERS and IMPLEMENTERS, guided by principles of integrity and excellence
- respectful, flexible ORGANIZERS and FACILITATORS, guided by principles of inclusiveness and alignment
- astute, trustworthy MEDIATORS and NEGOTIATORS, guide by principles of impartiality and equity
- strategic, creative PROBLEM SOLVERS and INNOVATORS, guided by principles of inquiry and risk-taking.
- collaborative, committed TEAM PLAYERS and SUPPORTERS, guided by principles of honesty and mutual respect
- open, perceptive LISTENERS and COMMUNICATORS, guided by principles of clarity and compassion
- insightful, systematic THINKERS and INVESTIGATORS, guided by reflection and rigor.
