The middle school schedule contains an A day and B day. Your child will have three academic periods daily and an enrichment or enhancement period. Each academic class period is 80 minutes in length and the academic classes are all scheduled into these two days. In addition, a period of physical education and health are required courses and will take place on one of the two days. A choice is to be made for the other day allowing your students to be involved in band or choir or encore classes. All students are asked to choose from one of three options available at all middle schools.

Due to scheduling limitations and staffing, this choice is a year-long commitment. Each choice will receive a grade and will be part of your child's grade point average.

Please Check One Option:
