

HOW TO ACCESS

Pearson SuccessNet

Parents and students must now access the Pearson SuccessNet through the **District 202 Parent Web Module**. You will now see a new button on the Web Module menu.

Curriculum
Resources

This button is now the direct link to **Pearson SuccessNet** Resources . Click on this button to access the **Pearson SuccessNet** web site.

First, you will see this message:

NOTICE: You are leaving the PSD #202 website

When you click a button below, you will leave the PSD #202 website and will enter a website maintained by a third party that is not related to District 202.

We are providing a link to the third party's website solely as a convenience to you, because we believe that website may provide useful content.

We are not, by referring or linking to the third party website, incorporating its contents into our own website. We do not endorse or guarantee, and we disclaim any responsibility for: the content, products or services offered on that website, its performance or interaction with your computer, its security and privacy policies and practices, and any consequences that may result from visiting that website.
